A RUSH FOR SEATS.

The sale of seats for Tyndall's great double attraction, "Hypno-mesmerism," is going with a bound, and these desiring to secure good locations in the opera house tomorrow night, should secure their seats at once. The price of admission is only 25 cents, all over the house, giving everybody an opportunity to see the greatest and most interesting entertainment ever given in this city. Over a dozen prominent gentlemen have consented to submit themselves as subjects for hypnosis, and this feature of the attraction alone, will be worth four times the price of admission. Everything will be done in full view of the audience and cabinets, and other mechanical appliances usually attendant on such occasions, will be conspicuous only by their absence. The indications are that "standing room only" sign will be displayed at the opera house door early in the evening, and the wise will not delay in securing their tickets at once. Tickets now on sale at Patton's bookstore, and the box sheet shows already a heavy sale. Crowds of people are visiting Prof. Tyndall, at his parlors, in the Willamette hotel, where he remains until Thursday.

A NARROW ESCAPE.—Hank Lewis's hack team took a fright at the S. P. depot this morning and rushed up on the platform just before the train came in. The train was expected any moment and only by Mr. Lewis's cool handling of the runaway was a serious accident averted. The high horse was thrown and the off animal danced a jig on his carcass. The cab was broken up some by turning over but soon the horses were extricated and got on their feet. It was a very narrow escape from a great smash-up but Hank held to them and had his rig all right side up when the train arrived.

THE TICKET READY.

County Clerk Ehlen has prepared copy for the Australian ballot, to be printed for each precinct.

N. C. Christensen of Yamhill county, has added his name to the list of candidates for congress in this district on the Prohibition ticket. That makes four candidates.

### SPARRING MATCH OFF.

The Meeting at the Opera House Stopped by the Police.

An immense crowd gathered Monday night, at Reed's opera house, to witness an advertised sparring match between Prof. Lucien Christol and the "Cleveland Kid." The crowd were told no sparring match could be held, and they quietly dispersed. The sporting element growled not a little. Chief of Police Dilley says a warrant would have been placed in his hands, to be served if the fight had been proceeded with. Then the people would have lost their money at the door and have seen no fight.

All kinds of offers were made to raise a purse and pull off the match on the big bridge, over the Willamette, but no fight was brought about.

It is claimed by the managers of the program that the sparring match was only to be an exhibit of scientific boxing, such as is allowed in all cities and at all theatres. They say the John L. Sullivan theatre play puts on a five-round match in the fourth act, all over the United States, and would do so here, and would not be molested.

Chief of Police Dilley evidently had information that this fight was to be a genuine knock-out, and acted in good faith as an officer of the law to prevent it. The parties have now fully satisfied the public officials that only a legitimate athletic exhibition will be given, and have secured the opera house for Saturday night.

### THE GREAT NATAL DAY.

July 4th to Be Celebrated in Grand Style at Salem.

The committee appointed to look up the matter of a fourth of July celebration for Salem are busily engaged perfecting plans for a most successful event on the great American holiday. Arrangements are being made to secure the best bands to be had in the valley, in connection with our famous Second Regiment band. The committee on finances has been appointed and they feel confident that the necessary funds can be raised. The Workmen and Woodmen lodges of Salem have committees at work, who will do all in their power to secure the attendance of fraternal orders. The Silverton and Dallas lodges as well as several others are expected to take prominent parts in the program. Salem Camp No. 118, of Woodmen is the banner camp on the Pacific coast and the two Workmen lodges of Salem are among the strongest in the state. The active co-operation of these two orders with the Salem business people certainly insures a great crowd as well as an attractive program.
